

Bulk Bags

Toll Free: 800.785.0201
www.SunCoastPkg.com

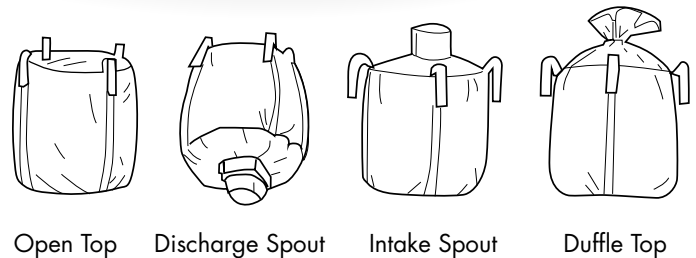

BENEFITS

- Carries more material in less space – one bulk bag holds as much material as 80 traditional bags in just 86% of the space
- Save on labor costs – one person and forklift can do the job
- Bulk bags keep material safe, dry and intact
- Save on storage, shipping and damage expenses

We stock a variety of new and used bulk bags in our warehouses located throughout the country!

OPTIONAL FEATURES

- Spout top – The top of the bag is funneled to allow you to fill the bag through a spout
- Spout bottom – The bottom of the bag is funneled to allow you to discharge the product
- Duffle top – The top of the bag remains open and is the same width as the bag
- Sift proof – Done during construction of the bag. The seams are sewn to reduce any sifting of the product when the bulk bag is filled with fine materials. Also called dust proof
- Baffles – Internal chambers made of fabric sewn inside the bag to enhance the bag's square shape
- Food grade
- Liner - tubular, form fit, gambo
- Type A; Type B; Type C; Type D

SAND - MULCH - BEANS - LIME - GRAINS - RESIN - POTATOES - FOUNDRY DUST - BONE MEAL
