

Woven Bags

Toll Free: 800.785.0201
www.SunCoastPkg.com

BENEFITS

- Custom print in up to 6 colors
- Generic prints in-house available for use
- Small to large quantities. (500—1,000,000)
- Inventory available for immediate shipping
- In-house printing in up to 2 colors

OPTIONAL FEATURES

- Anti-skid – allows bags to stack easier on a pallet
- Hemmed top – The top is folded over and sewn giving it a smooth edge
- Heat cut top - The top is cut with a knife leaving an unfinished edge
- Gusseted sides – A side fold on the bag allowing it to open up widthwise
- Sand bags – UV protection added to withstand being outside
- Paper laminated – Paper laminated on the outside of the PP giving the bag strength and quality print
- BOPP Bags – superior strength and print quality. Tear free and weather resistant
- Laminated - PP lamination for moisture control
- UV protection – Added to the PP to provide protection from the elements
- Ties at top of bag – strings added to allow the bags to be tied shut
- EZ open tear strings – allows for the end user to easily open the bag

Woven Polypropylene (PP) bags are strong and durable. They are used in various applications and come in a wide variety of sizes. We stock over 40 sizes that are available for same or next day shipments.

SAND – ANIMAL FEED – SEED – COAL – ROCK – MULCH – FIRE WOOD – COFFEE BEANS – EARTH HOMES
